

SIX DEGREES: YOUR MICROSOFT PARTNER

Six Degrees will enable you to optimise and maximise the value from your Microsoft partnership

Are you confident that you're getting the most from Microsoft – and you're not investing more than you need to? At Six Degrees we help businesses like yours optimise and maximise the value from their Microsoft investments:

Simplify your Microsoft relationship and reduce operational overheads

Ease day-to-day management burden, freeing time and resource

Realise cost efficiencies and proactively optimise your Microsoft spend

Maximise the value of your Microsoft investment with guidance from true experts

Our Microsoft Services

Microsoft Cloud Solution Provider (CSP)

We can access funding and resources to progress your digital transformation initiatives. We can support you throughout your entire Microsoft cloud customer lifecycle and offer better rates than purchasing on a 'pay as you go' basis.

FinOps Services

Gain cloud financial insights and visibility into your Microsoft Azure spend, delivering clarity and insights into potential areas for cost optimisation.

Licence Management and Procurement Portal

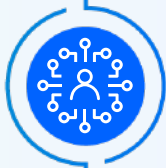

Our Licence Management and Procurement Portal makes it easy to purchase and manage Microsoft licences, saving time and putting you in control.

Licence Optimisation

Ensure you are maximising all the benefits from your Microsoft licence agreements, with recommendations of alternatives for cost reduction and increasing value.

Manage and Govern

Even with the best laid plans, you still need a support team in place to maximise your uptime and be on hand 24x7. Manage and Govern delivers support for your Azure environment, including escalation to Microsoft Premier Support when appropriate.

Azure Advisory Services

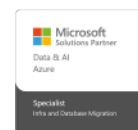

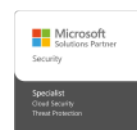

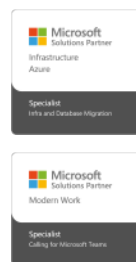

Our proactive Azure advisory and optimisation services drive recommendations and remediations in security, performance governance, and the latest Microsoft best practices to modernise services, reduce security risk, and create a consistent scalable solution.

Our Microsoft Credentials

Microsoft Partner | Azure Expert MSP

Member of Microsoft Intelligent Security Association
